Thickness	5/8"
Edging: Standard	None
Edging: Options	Heavy
Seaming	Yes

- Natural fibres from the outer husk of the coconut are fused into a vinyl backing to create an extremely long-wearing mat.
- Cropped bristles give excellent scraping action.
- Coir fibre is relatively waterproof, and is the only natural fibre resistant to damage by salt water. Mats dry rapidly and won't mildew or rot.
- Coir mats do not generate static electricity.
- Mats can be easily vacuumed or washed with mild soap.
