- A patented blend of polypropylene and nylon fibres provides excellent dirt and water removal.
- Random pattern provides an attractive look and allows sand, salt and dirt to blend into the pattern until it is removed.
- Solution-dyed fibres resist fading and staining; keeps mat looking good longer.
- Heavy vinyl backing will not stain the floor and keeps dirt and moisture from falling through mat onto the floor underneath.
- Low profile allows foot, cart and wheelchair traffic to move easily over the mat.
- Remains looking good and performing well under even the heaviest traffic conditions and after frequent cleanings.
